 *nce upon a time*

...

An open book is shown from a top-down perspective. The pages are white with black text. The book's spine is visible in the center, and the edges of the pages are slightly curved. The text is written in a cursive, handwritten style.

... in the far off land of National lived the "wild things." The wild things were unusual creatures. Some were said to be larger than life while others were so small that you could hardly see them. They came in all assorted shapes and colors. Most were green and furry with terrible large white teeth and claws. However, I'd dare say, that you could also find them in assorted shades of purple, red, blue and brown.

Now some say the "wild things" are merely the results of lively imaginations but I know for a fact that most college students who come to National (both young and old) have seen them. If they haven't the students at least felt or heard them.

You could hear those "wild things" buzzing around when the Campus was lively and enthusiastic. In fact, I am told, it was quite invigorating.

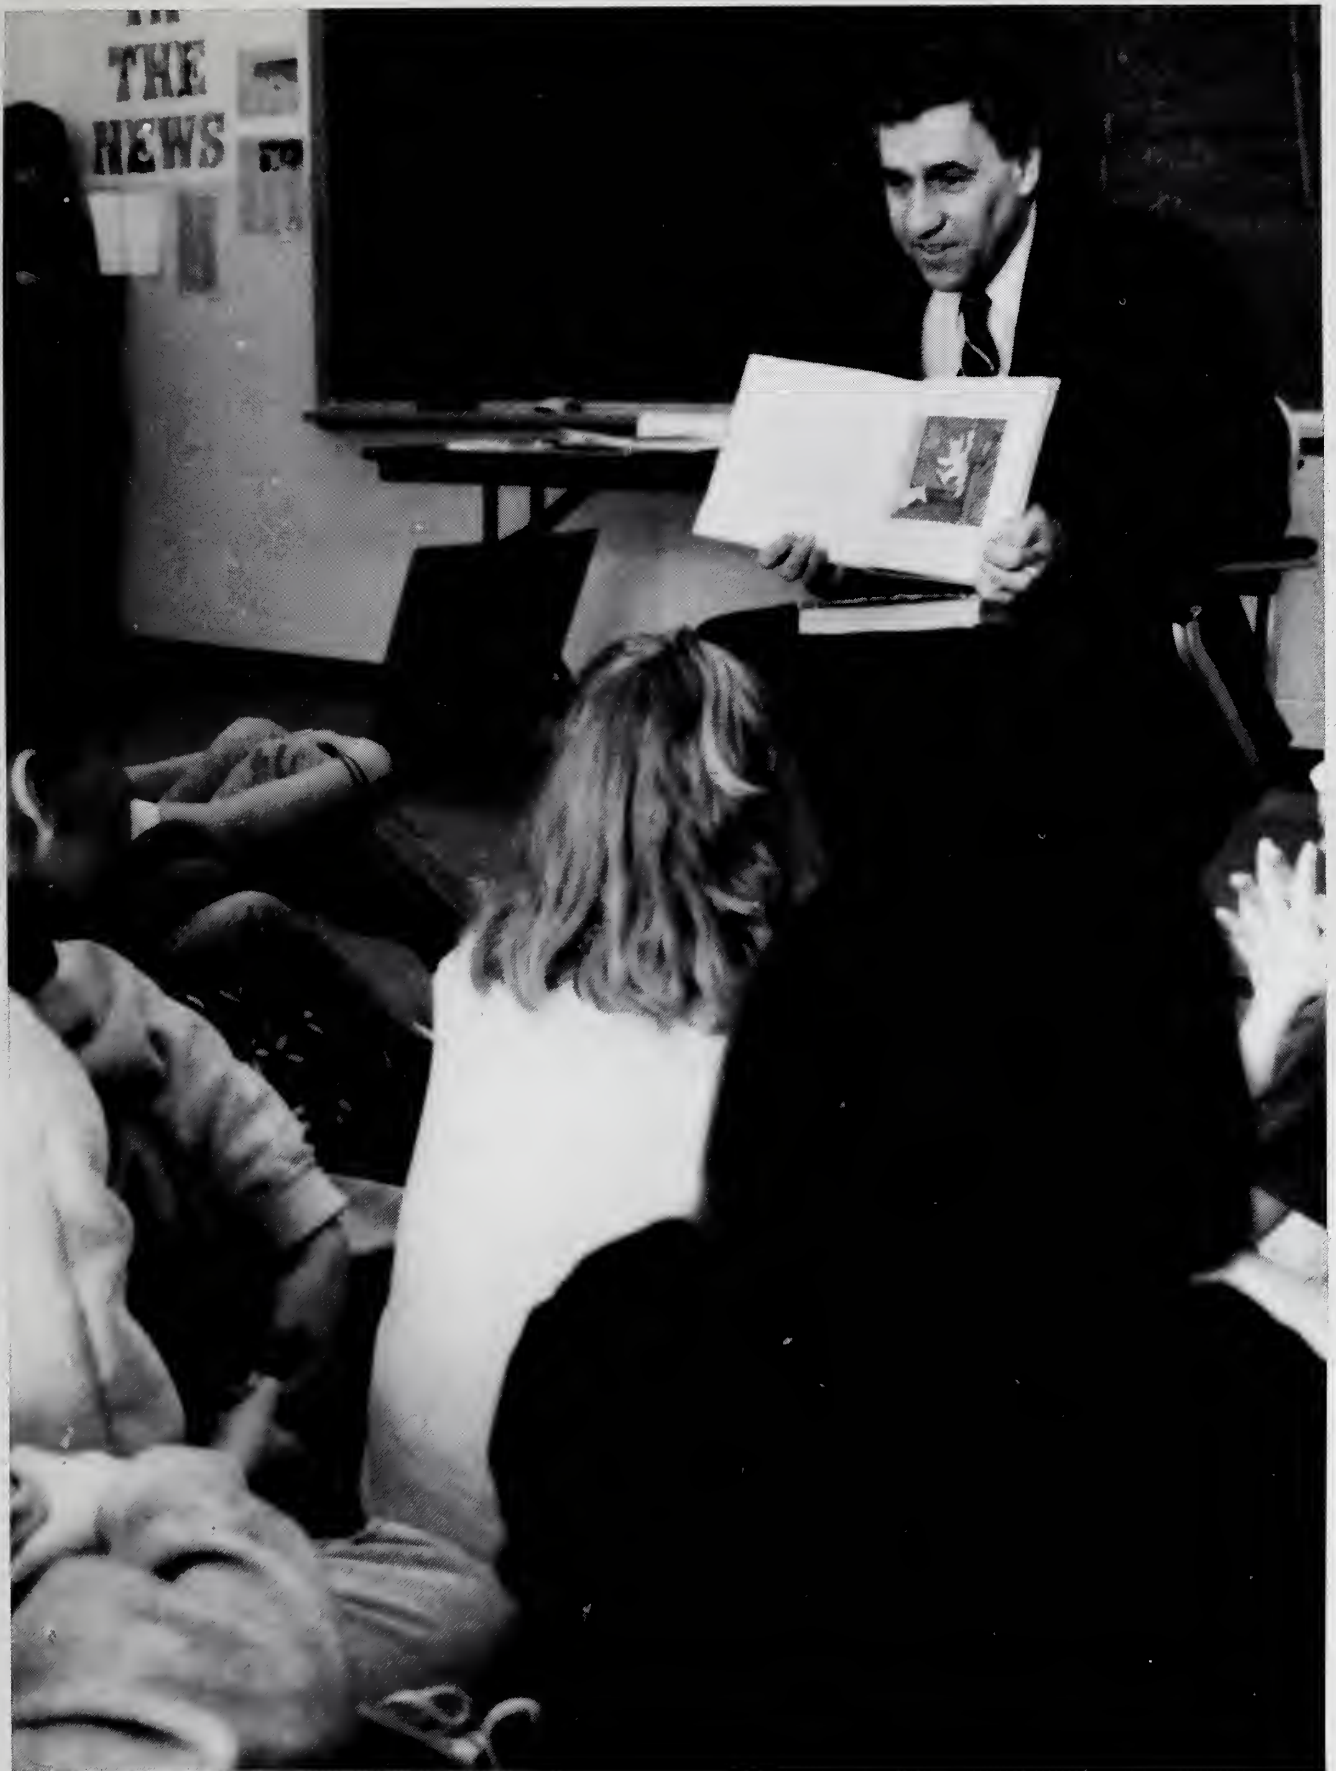

“Wild

ild Things” have often been described as those ticklish souls that you swear you’ve felt for a brief moment right before that final exam or definitely after a wild party.

Most “Wild Things” are mischiefmakers. They’ll do what they can to entice students into that devilish spirit. “Wild Things” are

childlike in many ways since they insist on getting their very own way. At times you could even feel a “whirl” when they jump over anyone who happened to be in their way.

In general the “Wild Things” were considered friendly creatures from what I can figure. If they happen to get to know a student or two they’d stick to them like glue. It seems when a “Wild Thing” makes a friend, everyone will be sure to know.

Orley Herron

I congratulate every one of you — the Class of 1989 — on your accomplishments at National College, and look forward with great anticipation to the contributions you will make to our great society.

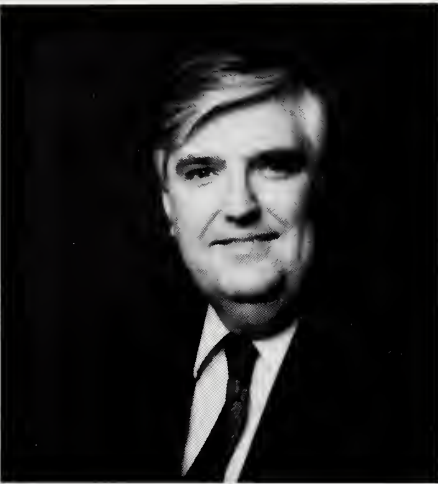

The National College family holds sacred the trust you placed in us to provide you with the highest quality education available. We worked hard to extend that educational opportunity to as many of you as possible. Whether you studied at one of our campuses in Chicago, Evanston or Lombard . . . our centers in St. Louis, Milwaukee or Beloit, WI, or McLean, VA . . . or at the dozens of educational sites scattered across four states . . . each of you is a beneficiary of 103 years of commitment to quality education.

From the time we first opened our doors in 1886, we set the standard in teacher education for the rest of the country to follow. Our School of Education graduates are among the most respected and sought after nationally. And we broke new ground under the banner of the Michael W. Louis School of Arts and Sciences by pioneering programs such as English as a Second language in our Language Institute or Alcoholism and Substance Abuse Counseling in our Allied Health and Human Services Division. This year we also founded a third school, that of Management and Business, from which some of you are graduating.

All these advances were made possible by the tireless leadership of this great institution and its highly-skilled and dedicated faculty. They — along with you, our students — are the very foundation on which National College rests and grows.

I proudly applaud you, the Class of 1989. I am very proud of each and every one of you, and pray God's blessing on you as you leave National College for the challenges and accomplishments ahead.

Underclassmen

The Undergraduates came from far away places and some a bit closer. They arrived at the Land of National eager to learn and grow. They readied themselves for new experiences and new beginnings. They knew deep in their hearts and souls that they would not quite be the same. But never would they have imagined the likes of the "Wild Things".

*The wild rumpus the creatures create
Could determine many an undergraduate
fate.*

*They call to them on sunny days.
Forget your class, come on lets play,
Don't worry about your studies now
Come on, lets play, right now!*

*Put down your pen
Let's close that book
Tomorrow is another day
I want to go outside and play.*

*It's tough to wrestle with a "Wild Thing"
When projects or papers are due
I know that every undergraduate said
"Wow! Where did this Quarter flew."*

Chicago Campus Congratulates Graduates

In rooms overlooking Lake Michigan on Chicago Campus's 5th floor, graduates gathered together to say good-bye to each other, to their teachers and to the institution that prepared them for careers in education, business, sports management and human services.

We at the college wish them success and happiness in their future endeavors, both personal and professional.

DE OF A SENIOR

*One late night as I was sleeping
I heard a crashing sound
I jumped up from my bed
Wondering who was up and around.*

*I slowly opened up my door
And stepped into the hall
I caught a glimpse of something
Which was near 8 feet tall.*

*I rubbed my eyes so hard
Thinking I was seeing things
But then I looked on the ground
And saw my R.A.'s ring.*

*I went up to her door
And was just about to knock
When I noticed that the door was open
And inside was a box.*

*I slowly walked up to it
Wondering what was inside
But when I opened up the lid
I ran away to hide.*

*I started running out her door
And then running down the hall
But I tripped over something large
And took a nasty fall.*

*As I started getting up
I raised my head to look
The fear of what I saw
trembled through me as I shook.*

*I saw a "Wild Thing" standing
right before my eyes*

*It was 8 feet tall
Hairy, scary and wide.*

*It had sharp teeth
Pointed and very long
I was not about to stay with him
to play games and sing songs.*

*Instead I did the smartest thing
That anyone ever did
I ran to my room
Locked the door and then hid.*

*I woke up the next morning
Thinking I was only dreaming
but when I saw my R.A.'s ring
I loudly started screaming.*

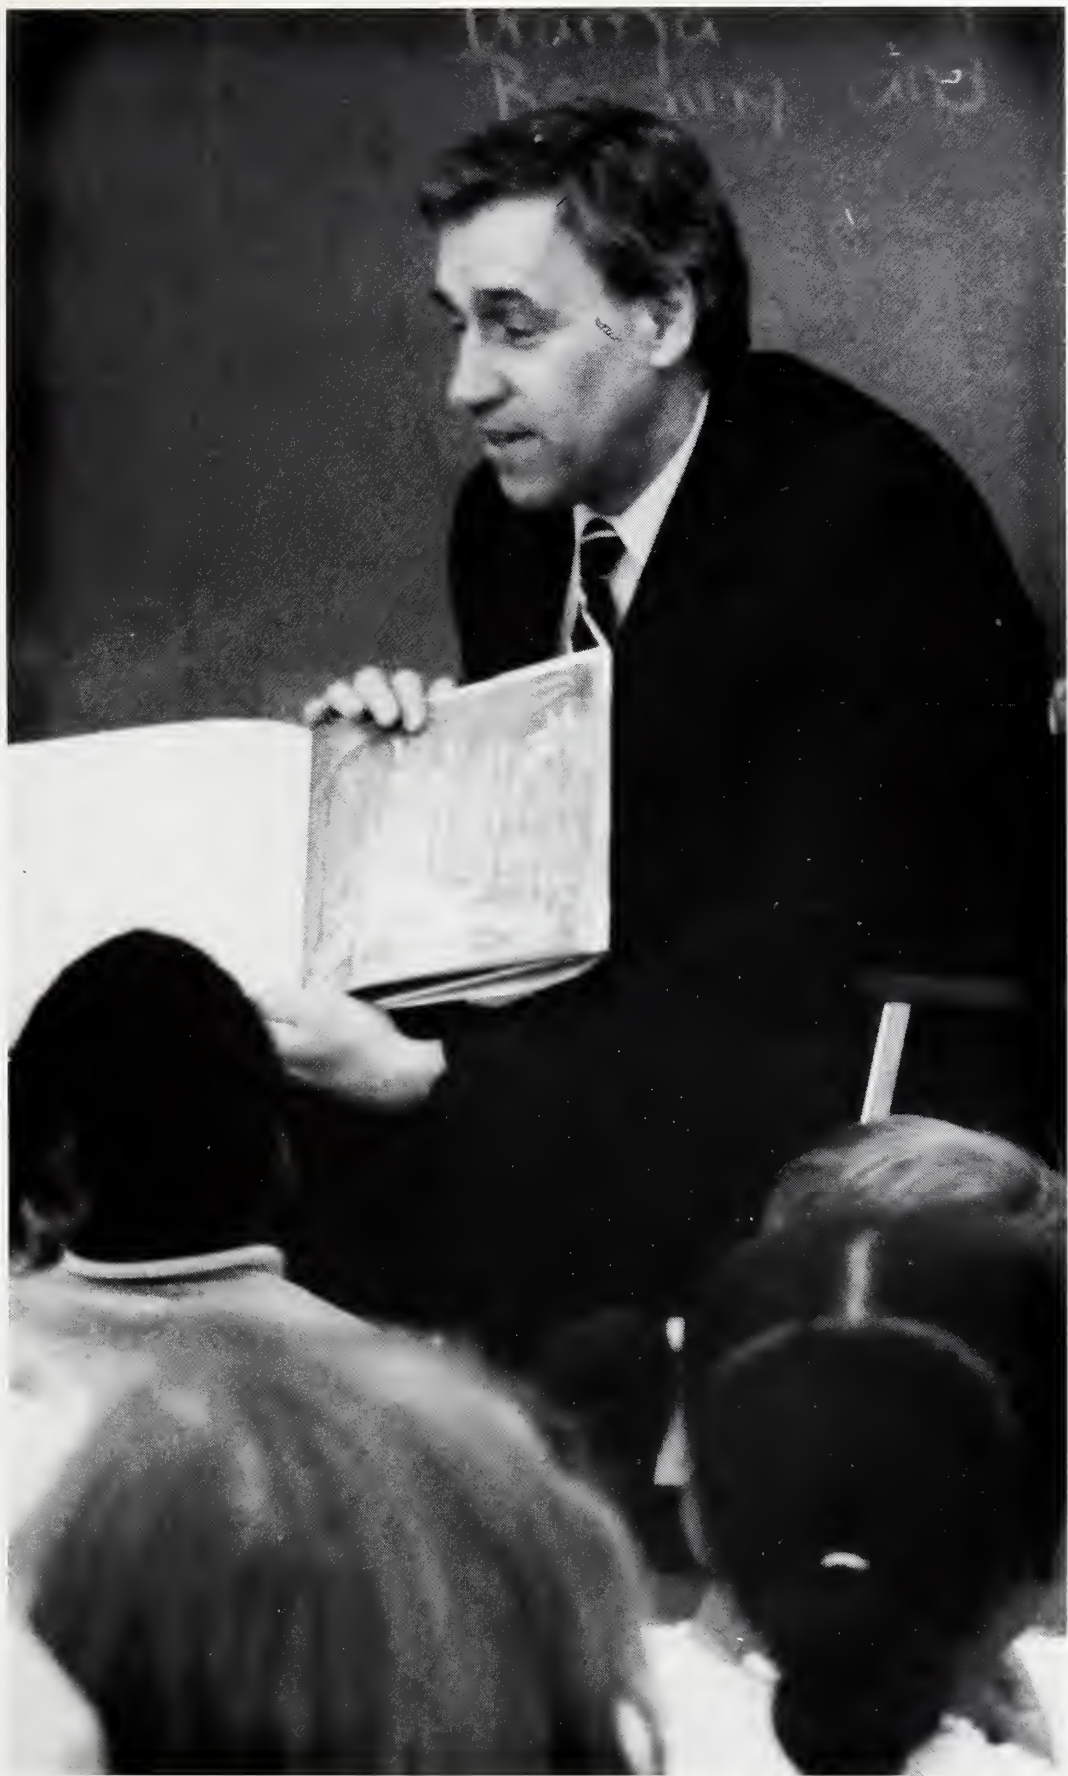

*Now I know the true story
The "Wild Things" are alive
Every night I lock my door
Crawl under the covers and then hide.*

*But when I close my eyes at night
The dream is still the same
I look into that box again
And see something untame.*

*I can't believe what is in that box
I shudder at what I see
I look into a mirror
And see a "Wild Thing" looking at me.*

*So as I graduate this year
I leave the "Wild Things" far behind
And I hope that in the end
I will find a peace of mind.*

The Yearbook Staff Will Get You

NCE's Chicago Campus yearbook staff emerged this year as a small, but strong force in campus life. Consisting of only four members and an advisor, the staff covered activities on and off campus.

Their goal for next year is to include at least one candid photo of each Chicago Campus student in the 1989-90 yearbook.

"Some will have to be group shots," said Advisor Sheryl Osborne. "We've established some momentum, and now we hope to build on it."

Student Advisory Board Advises Involvement

The Chicago Campus Student Advisory Board plays a vital role in campus life by planning activities for students, faculty and staff and supporting other school groups.

SAB created what have become traditional events on campus, such as the Ski Weekend and Boat Party.

"We invite students to participate in planning events and to voice their concerns," says Kathy Washington, Acting Chairperson. "It is a worthwhile experience. You learn a lot about organizing and about interacting with people from other cultures."

"Jennifer, you were just chosen the winner of this year's suitcase dance ... What are you gonna do?"

"I'm going to Disney World!"

Student Senate drew a large, eager crowd at the January 28 Suitcase Party. Students arrived with suitcases packed in hopes to be the winner of an all expense paid weekend vacation. It was the perfect time of year to grab your bathing suit and tanning lotion and head off to sunny Orlando. The lucky winner had a chance to enjoy a day at Disney World or Epcot Center.

And the winner is ... Jennifer Reznick!

"Dining Room"

"The Honorable Urashima Taro" is Coleman Jennings' adaptation of two Japanese folktales, dealing with the idea of mortality. The eight actors work in the style of Japanese Kabuki Theater. A special feature of this production is the introduction of large, creative sea creature puppets. Traditional and contemporary Japanese music underscores the play's action. It is appropriate for ages 5-95.

NCE Celebrates African-American History

During February, NCE's Chicago Campus celebrated African-American History Month with a series of movies and workshops depicting blacks experience in the U.S. The month long festivities culminated with a reception that featured music by the Ed House Quartet and chicken and ribs from Kenny's on the city's South Side.

Chicago student Barbara Latham dedicated "Black Child," an original poem, to her sons. And NCE's own Val Jordan, Admissions, read Maya Angelou's "I Know Why the Caged Bird Sings." In the background, photographs and documents were displayed to present this rich and fascinating history.

RE CLUB

The Rec Club, founded by Pamela Roulier and Luis Alarcon in 1987, has grown in membership and direction. We plan extracurricular activities for the enjoyment of the student body, and we recognize every NCE student as a member. We invite everyone, their family and friends, to join in the fun.

Our philosophy is derived from our objective of being active physically, as well as academically. As "good sports," our goal is to have fun and play fair. In planning activities, we try to create a healthy balance between the demands of student life and the enjoyment of a social life.

We welcome Marlene Meisels as our new faculty advisor and to Louis Mateus, now in Lombard, we say, "Don't be a stranger!"

SAB Sails on the Spirit

The Chicago Campus Student Advisory Board hosted its annual Boat Party in style. The evening began with a delicious beef dinner at the Marina 300 Restaurant in downtown Chicago, followed by dancing.

Luxury coach buses then whisked 200 students, staff, faculty and guests to Navy Pier. At the pier, they boarded the "Spirit of Chicago," a luxury ship that accommodates 600 passengers, for a moonlight cruise.

On board the Spirit, students snacked on hors d'oeuvres, sipped champagne and danced to a live band. A quarter moon hung low in the sky over Lake Michigan as the Spirit sailed to Evanston and back.

by Janelle Bruning

We're just a branch campus small and unassuming.

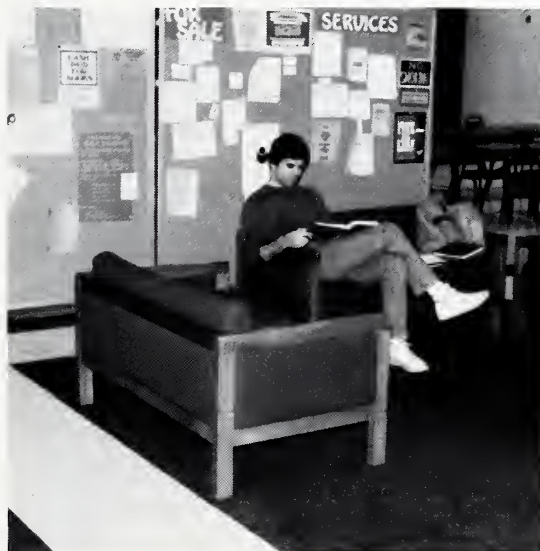

We're just a branch campus *small and unassuming*. Our campus is nothing to marvel at — no ivy covered walls here — actually, depending on your perspective, the building either looks like a large Pizza Hut (paint the roof red and you'll get the picture); or a hovering space craft ready for take off.

We're just a branch campus *small and unassuming*. Our hallways are not spectacular. Their only convenience is that if you fall in the parking lot and mess up a knee or two, the drinking fountains are at a convenient level for washing up.

We're just a branch campus, *small and unassuming*. This is evidenced in our bathrooms. Created for tiny tots they hold many special features: mirrors that give you a great view of your waistline, toilets which double as knee testers, 3-foot high walls that have been recently "adulterized" with nifty things added to them so we can't peek over any more, and sinks on the same level as the drinking fountains.

We're just a branch campus *small and unassuming* — unless you walk into our lounge. A grand room it is — complete with cathedral ceilings (you're impressed, I know it!). We have a very comfy group of sofas done in a tasteful blue and beige motif. A matching carpet adorns the floor. Like any lounge we have various vending machines to dispense all kinds of culinary delights. Our is different though — our lounge is also an indoor/outdoor cafe — a bright spot in the gloomy world of mid-terms, methods and finals.

WILD, BUT NOT YET CRAZY . . .

A Chicago Perspective

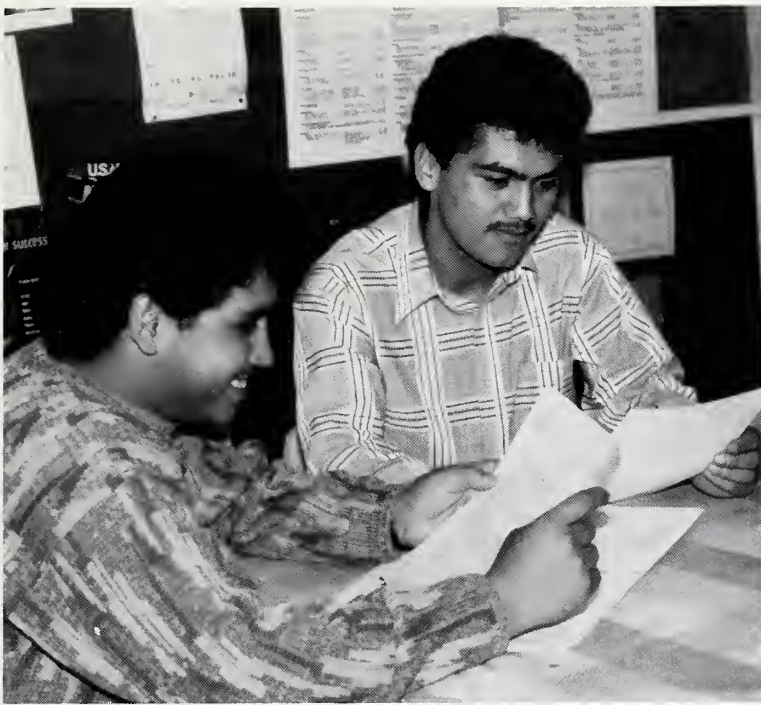

This school year, 1988-89, was a special year for Chicago Campus students. The fall term saw NCE's soccer team, for the first time, reach state play-off finals. Two bus loads of students attended a wild, wind blown game against Sangamon State University. The game was hard fought, but ended with National College losing 2 to 1.

Student Advisory Board experienced an active year. Annual events, such as the Thanksgiving Dinner, Ski Trip and Boat Party were mixed with socials, an evening with the Ed House Quartet, movies and theater events. Each event was marked by a student commitment to unity, and the sharing of ideas among all students of our culturally rich and ethnically diverse campus.

Students were in full attendance at the Annual Career Fair. This year's fair hosted more than 55 employers who met with students about employment opportunities.

Thank you to everyone at NCE's Chicago Campus. To Polly Moran, who so enthusiastically and emphatically was a part of us, we wish you all the best. We will dearly miss you. To Sheryl Osborne, welcome! You will find the Chicago Campus a warm and friendly place.

Student Affairs has the Answers

Where can I get a student ID? How about a locker or insurance information? Discount tickets to cultural and sporting events and information about clubs and student government? How can I order a yearbook? Get answers to questions about resumes or a job search? Or health services? Chicago Campus Student Affairs Office has it all.

Ski Weekend Warms Hearts

Two buses loaded with NCE students traveled to Xmas Mountain, Wisconsin, for the February ski weekend. When they arrived at the Holiday Inn, students went for a swim, danced at the inn lounge or got a good night's rest. Rachel Gonzalez and Ray Thompson each won gift certificates in the dance contest.

Students skied in plenty of snow and mild and sunny weather. Some adventurers also got a sleigh ride.

Language Institute Offers Variety

The Language Institute, part the Language & Academic Development Division, offers a variety of courses and programs for limited-English-proficient individuals including a five-level English for Speakers of Other Languages (E.S.O.L.) Program, an English for Professional Success Program and an English Language & Civics Program. A recent addition is Characteristics of Language in Culture, offered in support of the Business Programs concentration in International Business.

The Language Institute brings an international atmosphere to the college as more than 25 ethnolinguistic groups are enrolled in its programs.

Chicago Campus

Hosts 3rd Annual Career Fair

Career Development and Placement and Student Affairs hosted National College of Education's 3rd annual Career Fair on the Chicago Campus.

"You can't tell the players without a score card," said one human resource recruiter.

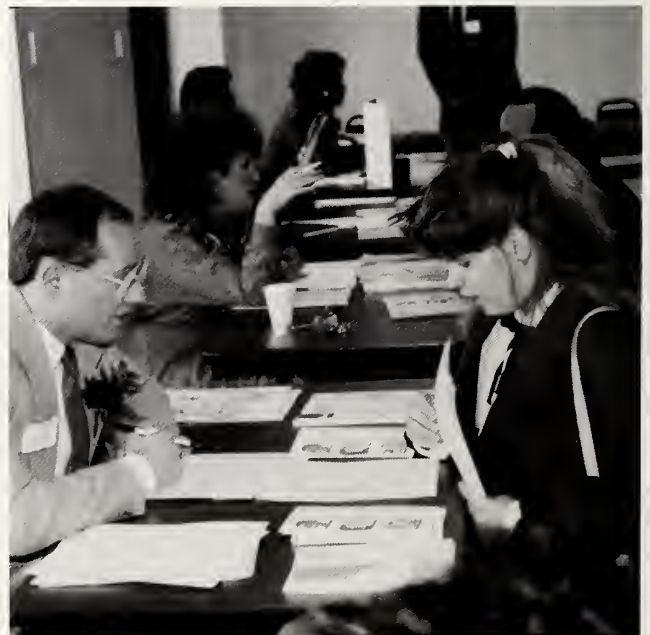

"NCE students and alumni, representing Chicago, Evanston and Lombard, made a positive and professional impression as they spoke with recruiters about employment opportunities in their chosen fields," said Cathy Robinson, Associate Director of Career Development and Placement.

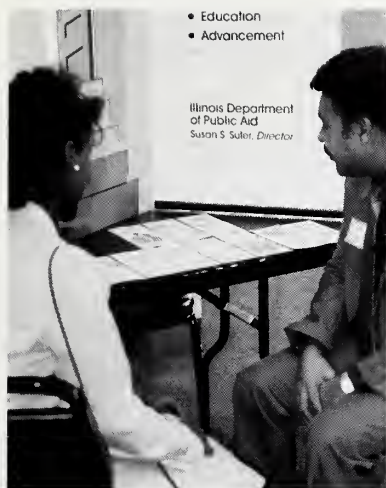

Dr. Orley Herron, NCE President, and Dr. David McCreery, Vice President of Development, addressed luncheon guests which included faculty, students, staff and human resource professionals from major corporations, school districts, state and federal agencies and mental health organizations.

"The NCE Career Fair is growing by leaps and bounds," said Ms. Robinson. "The first fair was only 3 years ago with 15 companies represented. Now, only 2 years later, more than 55 attended. The format, though much like any other college event, differs in some ways. The atmosphere of the Career Fair is felt by many to be relaxed, yet professional and friendly."

The Gremlins Came

*The Gremlins came one night and struck
our halls with such a fright.*

*They broke the pipes
They wrecked the walls
They darn near really
Killed us all.*

*The heat went out
And left us cold
The water leaked onto the floors.*

*All classes were cancelled
For nearly a week
It wasn't a sight for the
Tidy or meek.*

*But the men in Blue came
To save the day
For they chased the nasty Gremlins
All but away*

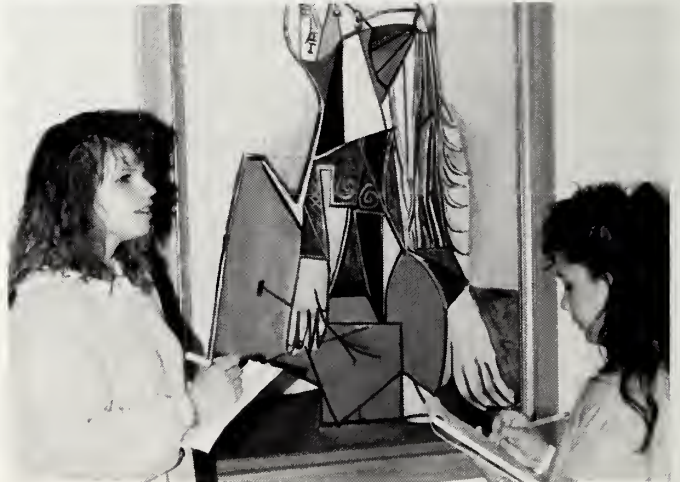

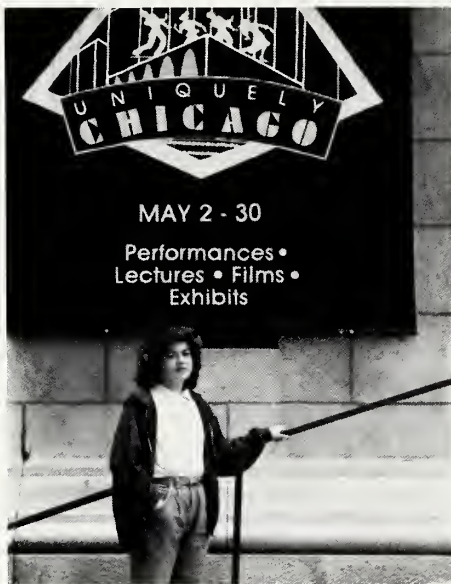

*Now nearly a week has passed
Without even a leak
Oh God just remember to
Give us some heat!*

My Kind of Town:

CHICAGO IS

NCE's Chicago Campus, 18 S. Michigan, has the city at its doorstep. Walking distance from the campus are the world renown Art Institute, Lake Michigan and Buckingham Fountain, not to mention Grant Park and Petrillo Band Shell, home to all the fun summer festivals, such as taste of Chicago and Jazz Fest. All this and more offers students relief from their studies and an education in itself!

Soccer Team Places 2nd in District

LAKERS

National College of Education Varsity Lakers opened the 1988 men's intercollegiate soccer season with 10 successive victories under the direction of Coach Victor Stanculescu, Technical Director Angel Bernal and Senior Captain Manny Tovar.

The Varsity lakers concluded the 88-89 season 16-2 and, for the first time in its four year history, the team made district finals and finished second.

JV finished 3-1. JV Coach Bernal says they hope to play more games next season.

"As for the 1989 20th District tournament, NCE seems to be the favorite," says Technical Director Bernal.

NCE has recruited new players for the 89-90 season. "We look forward to becoming National Champions in the 89-90 season," says Coach Stanculescu.

Volleyball 1988-89

The Women's Volleyball Team led by a strong core of seniors, posted a season record of 31-9 and a second place finish at the NAIA District 20 Tournament. A big win over fifth ranked I.U.P.U.I. and sixth ranked Wisconsin-Milwaukee helped the Lady Lakers break the top 20 and earn a national ranking at mid-season.

The team received a number of awards and recognitions for their outstanding season. Seniors Stacy DeBruhl, Jamie Erlenbaugh and Erin Gorman were named to both the All-District and All-Conference teams. Jamie Erlenbaugh was also named our first Academic All-American by the NAIA. In the NAIA final team statistics, National finished 13th in the nation for team assists and 2nd in the nation for team passing. For the NAIA final individual statistics, Stacy DeBruhl and Jamie Erlenbaugh were ranked #7 and #14 respectively for individual passing.

The Women's Volleyball Team was recognized at the annual Athletic Banquet and presented the following team awards:

MOST IMPROVED	Julie Satkiewicz
OFFENSIVE PLAYER	Erin Gorman
DEFENSIVE PLAYER	Jamie Erlenbaugh
HUSTLE AWARD	Geralyn Bertucci
MOST VALUABLE PLAYER	Stacy DeBruhl

BASKETBALL

First year coaches John Margaritis and Jenny Klauke guided the Lakers to a third-place Chicagoland Collegiate Athletic Conference finish. They were invited to the NAIA District 20 Tournament and finished fifth. The squad was led by seniors Dar Adams, Terry Ramage, Evelyn Clark, and Cindy Clark.

The following players received team awards:

MVP	Dar Adams
Most-Improved Player	Chris Claerhout
Best Defensive Player	Evelyn Clark

The team played a very competitive schedule and should be proud of its hard fought accomplishments.

Top: L-R Terry Ramage, Kathy Gerken, Rosie Minelli, Laurie Stanley, Karen Bouchard, Diane Pahl, and Jill Tegtmeyer. Middle: L-R Sue Gasperec, Michele Arrigo, Jill Mueller, Darlene Adams, Cindy Swartzloff, and Myra Minuskin. Bottom: L-R Sue Norstrom, Sharon Tachach, and GERALYN Bertucci.

SOFTBALL

The softball team, led by first year coaches Myra Minuskin and Sue Gasperec, capped off their season with a second-place finish at the NAIA District 20 Tournament. The Lakers were anchored by seniors GERALYN Bertucci, Terry Ramage, Rosie Minelli, Dar Adams, Karen Bouchard, Anna Rokicki, and Diane Pahl. First baseman Terry Ramage was elected to the CCAC All-Conference Team, the District 20 All-District Team, and the District 20 All-Tournament Team. Joining Ramage on the All-Tournament Team were pitcher GERALYN Bertucci and third baseman Michele Arrigo.

Team honors were awarded as follows:

<i>MVP</i>	<i>GERALYN Bertucci (pitcher/shortstop)</i>
<i>Most-Improved Player</i>	<i>Sue Norstrom (outfield)</i>
<i>Gold Glove</i>	<i>Terry Ramage (first base)</i>
<i>Rookie of the Year</i>	<i>Laurie Stanley (catcher)</i>
<i>Hustle Award</i>	<i>Michele Arrigo (third base)</i>

The 1989 squad worked together as a team, especially at tournament time, to make the season a tremendous success. It battled through an extremely difficult schedule to lay the groundwork for next season.

Athletic Banquet

Jamie Erlenbaugh becomes NCE's first Academic All-American. Here she is receiving the 1988-89 Female Scholar Athlete Award.

Mike Miller presents Manny Tovar, Captain of the Soccer team, the District 20 runner-up trophy.

Myra Minuskin and Patti McLean present the District 20 runner-up trophy in softball to co-captains Terry Ramage and Shawn Talach.

Sue Gasperec presents the Volleyball runner-up trophy in District 20 to captain Stacy DeBruhl.

Baker Hall

Now in the land of National was a giant Castle called Baker Residence Hall. It was not your ordinary grey medieval Castle but a really exciting, sensational, individually designed, enlightening and new college experience that houses an abundance of life and love. "Wild Things", of course, frequently reside in such places. "Wild Things", I've heard, are rather picky and will never be found stomping in your "average dorm."

HAUNTED HOUSE

On October 31st the corridors of Baker residence hall shrieked with the sounds of the Dem School ghouls. The traditional trick or treating lived on. Diane Paul (upper left) generated excitement as she escorted students into Baker's own "haunted hallway." Kelly Ann Reid (bottom right) got into the spirit by passing out candy and wicked glances. The event was a big hit, and all the students left with a bag full of goodies.

can occasionally be found
in Residence Hall beds.*

*They're pesky critters
that will roam through the halls
Believe it or not
ask the R.A. on call.*

*These wild things
will keep you up late
They'll try very much
to determine your fate.*

*You can hear their laughter
between the old rafters*

*or feel the roof wiggle
when they let out a giggle.*

*Now our R.A. staff
of which we call Baker
has a difficult job
and I wouldn't fake ya.*

*They'll hunt for the wild things
all day and all night
But still to this day
there has been no sight.*

*We salute the R.A.s
for their vigilant task
of protecting us all
from the wild things' grasp.*

1 SOUTH

Once upon a time in the far off land of Baker Hall existed a group of Wild Things called 1 South.

Now they were not your ordinary, run of the mill Wild Things. No, these were very, very exceptional creatures. These were the folks from "down under." Down under what, I'm afraid to ask, for this particular group could make a mess. You could find them around campus although they are rare. They were found more in "rec rooms" or shooting some pool. Some played soccer and some lifted weights. They were usually up very late. Noise was not problem for partys' the norm. We've been told they even "drank in the dorm." Unusual creatures of which it has been said, "One never knew if they were in their own beds."

Candle & Rose

1989

The Candle and Rose Ceremony is an annual event at National College of Education. During the ceremony a senior gives an underclassman partner a candle which symbolizes the lamp of learning, and also the message to carry on the traditions of National. In turn, the underclassman gives the senior partner a rose to symbolize that they have blossomed and grown through their endeavors at N.C.E. and also to wish them success in their new careers and good luck in their futures.
